Superintendent's Highlights

We have completed our first successful year with two "paperless classrooms." These are workstation based learning environments for the students of the 4th and 6th grades. The Board of Trustees has reviewed, revised, and adopted a complete new "Board Policy." The Districts "School Improvement Plan" is on schedule and is in the final stages of adoption. Teachers have reviewed and are in the process of revising and aligning the schools curriculum guides. These will meet State required exiting standards. The district's window weatherization project will be completed by the end of June. The C.T.O. along with the Administration have developed the district's mentoring program. Our computer network is nearing completion. It consists of fiber optic runs and operates at 1 Gig. Now the classroom expansion and integration can begin. Our levy for 2001-2002 passed and will provide resources for the continued expansion of technology throughout the district.
